BD Horizon Global **Educational Tour**

Join us October 12, 2023 Milan, Italy

As the need to resolve more complex biological data increases, it is critical for scientists to remain up to date on the latest technologies, methodologies and biological insights to help optimize their science. The BD Horizon™ NEXT Global Education Tour will empower scientists with the latest information on high-parameter spectral flow cytometry and new-to-world real-time imaging cell sorting technology. This program will demonstrate the critical steps required to optimize a 38-color human NK and T cell panel, prior to its use to assess the immune system diversity across healthy donors.

Attendees will also be introduced to the cutting-edge technologies at the core of the first real-time imaging, spectral flow cytometer and cell sorter. We will demonstrate the unprecedented capability of isolating six subsets of cells identified by the 38-color spectral flow cytometry panel.

Discover the Program Modules

Optimize: Learn best practices for the design and execution of high-quality high-parameter spectral flow cytometry panels.

Deep Science: Explore the diversity of the immune system through deep spectral immunophenotyping and cell sorting.

Special Guest Talk: The computation at single cell level in the era of multiparametric flow cytometry. *Domenico Mavilio*, *M.D.*, *Ph.D*

Imaging Spectral Sorting: Learn about the cutting-edge technologies featured in first ever real-time imaging spectral flow cytometer.

Location & time

Sala Lauree, Università degli Studi di Milano, via Conservatorio 7, Milano

From 11:00 to 16:45

BD Speakers

Mirko Corselli, PhD

Associate Director, Market Development, BD Biosciences

Robert Balderas, MBA

Distinguished BD Fellow, VP Biological Sciences, VP Market Development

Domenico Mavilio, M.D., Ph.D.

Full Professor of Translational Medicine Department of Medical Biotechnologies and Translational Medicine Medical School of Milan University, Milan, Italy

Limited availability.

Ask your BD representative today.

See you there!
